TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampton Falls in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampton Falls on Tuesday, the twelfth day of March, next at three of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will vote to raise and appropriate the sum of \$262.90 for Town Road Aid. The State to contribute \$1,752.67.

4. To see if the Town will vote to raise and appropriate the sum of \$2,012.56 in payment for services to the Town by the Hampton Falls Volunteer Fire Department. (Signed by: Alphonse J. Lemire, Albert W. Pevear, Robert G. Davies, Forrest C. Brown, Andrew G. Drakides, Alfred Baillargeon, William B. Cannon, Edward G. Pevear, Richard Perkins, John W. Parker.)

5. To see if the Town will vote to adopt the revised zoning ordinance recommended by the Planning Board.

6. To see if the Town will vote to authorize and empower the Planning Board to approve or disapprove, in its discretion, plats showing new streets or the widening thereof, or parks, and upon adoption of this article it shall be the duty of the Town Clerk to file

with the Registry of Deeds of the County of Rockingham, a certificate or note showing that the said Planning Board has been so authorized, giving the date of authorization, as provided in Sections 19-29 inclusive, Chapter 36 of the New Hampshire Revised Statutes Annotated, 1955.

7. To see if the Town will vote to adopt the following Building Regulations as authorized under Section 2-5 inclusive Chapter 156. N. H. Revised Statutes Annotated, 1955.

Proposed Building Regulations
for the
Town of Hampton Falls, New Hampshire

Section I. Building Inspector

Appointment: The Building Inspector shall be appointed annually by the Board of Selectmen. In event of the death, disability, resignation, or disqualification of the Building Inspector, the Selectmen shall appoint an Inspector to serve in his place. The Selectmen may, for cause and by majority vote, disqualify the Building Inspector at any time.

Section II. Duties of the Building Inspector

A. The Building Inspector shall be the administrative officer of this ordinance. He shall:

1. Receive applications and fees for the erection and/or alterations of buildings and electrical wiring as provided in this ordinance.
2. Make applications available in triplicate.
3. Keep complete records of his action on all applications along with duplicates of said applications.

4. Promptly inspect sites of proposed buildings or buildings to be altered, and study proposed uses of said buildings.
5. Issue or deny residential permits within five (5) days of receipt of application.
6. Inspect buildings during the process of erection or alterations.
7. Report violations of this ordinance immediately to the Board of Selectmen.
8. Take such action in the enforcement of this Ordinance as may be directed by the Selectmen.
9. Accept and deposit with the Town Treasurer all fees collected by him under this Ordinance.
10. Act in cooperation with fire authorities in any matter in which their duties as prescribed by law may coincide or conflict.

Section III. Duties of the Applicant

- A. Any person, persons, partnership, or corporation intending to construct a new building or to make structural alterations, said alterations to exceed five hundred dollars (\$500.00) in cost, shall first make application for a permit on forms obtained from the Building Inspector.
 1. Said application shall be accompanied by a sketch or plan of the proposed building or alterations.
 2. Said application shall be accompanied by a signed statement of the intended use of the building upon completion of construction or alteration.
- B. The applicant shall display prominently at the

site of the construction or alteration a card issued by the Building Inspector evidencing his permit.

- C. The applicant shall make the premises accessible to the Building Inspector at reasonable times for the performance of his duties.

Section IV. Application Fees

A minimum fee of two dollars (\$2.00) shall be charged for all permits issued with an additional fee of one dollar (\$1.00) for each one thousand dollars (\$1,000.00) of estimated cost.

A building permit shall become void unless operations are commenced within one year from the date of approval, unless such time is extended by the building official.

Section V. Payment of the Building Inspector by the Town.

The Building Inspector shall be paid a minimum of two dollars (\$2.00) or forty percent of fees received for each permit, whichever is the larger.

The Town Health Officer shall be paid forty percent of the permit fee in cases where his services are required.

Section VI. Structural Requirements

No building shall be erected, altered, rebuilt, remodeled, or substantially repaired; unless in compliance with the following requirements:

1. Any building constructed for commercial, or public use, or any building to be reconstructed in excess of 50 per cent and intended for any of the said uses, shall provide for noncombustible walls and partitions between its component parts.

2. Any building of wood or other combustible material shall provide, when reconstructed, remodeled, or altered, for fire stops in every combustible wall or partition, at every floor, and between floor joints at every partition.
3. Any building intended or designed for any public use or congregation of people shall provide, when erected or altered, exits as approved by the office of the State Fire Marshal.
4. No public garage for the storage of five or more motor vehicles, or no building having automobile service or repair enterprises connected therewith, shall be erected, altered, or enlarged, unless the building is constructed, either in its entirety or to the extent of alteration, enlargement, or addition, of material commonly considered slow burning or non-combustible. The use of approved automatic sprinklers may obviate this requirement.
5. No roof of any building may be covered, or re-covered in excess of twenty five per-cent (25%), unless noncombustible or fire resistant materials are used.
6. No chimney shall be built, erected, or altered below the roof unless containing a tile or brick lining and with a metallic clean-out door at or near its base, and shall extend at least two feet above the ridgepole of the roof. No internal chimney shall be built, erected, or altered below the roof having wood or other combustible materials within one inch of the chimney, and no chimney shall have its base resting upon any floor or beam of combustible material. Prefabricated chimneys approved by the board of Fire Underwriters will be allowed.

7. No wallpaper or other combustible material shall be laid over any thimble or thimble hole in any chimney.
8. No smoke pipe shall be installed or erected so as to be within twelve inches of any combustible floor or ceiling unless amply protected with noncombustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded by a double collar of metal with air space of at least five inches or by at least five inches of brick or other noncombustible material between the pipe and the combustible material.
9. Electrical wiring installed in any new building, or installed or extended during any reconstruction, alteration, or remodeling of any building, shall conform to and comply with the regulations of the National Board of Fire Underwriters, said regulations known as the National Electric Code.
10. All structures shall be set on solid foundations of cement, brick, stone or other acceptable masonry, such foundations shall have adequate footings, except that in special cases where buildings are to be used for accessory use, the Building Inspector may waive the requirements of this section and permit the use of wood, metal or masonry piers.
11. Every building to be used as a residence shall have a minimum ground floor area of five hundred (500) square feet outside measurement, and a floor area, exclusive of cellar, of five hundred (500) square feet for each additional dwelling unit.

12. Outside walls shall be constructed of material commonly used for outside construction and materials customarily painted shall be painted.
13. All dwellings and all commercial or public buildings shall be connected to the public sewer system when available. When a public system is not available, a private sewerage disposal system is required. The type, size, and construction of all septic tanks and drainage fields shall be approved by the Town Health Officer.
14. The construction of small accessory buildings not used for living purposes, together with minor alterations, repairs and general upkeep of existing buildings shall be exempt from the provisions of this ordinance.

Section VII.

The Board of Adjustment shall have authority to allow variances from the specific terms of this ordinance, where it can be shown that unnecessary hardship would otherwise result.

Section VIII. Amendment

This Ordinance may be amended by a majority vote of any legal town meeting when such amendment is published in the warrant calling for the meeting.

Section IX. Enforcement

Any person, persons, firms or corporation violating any of the provisions of this ordinance shall be subject to a fine not exceeding \$10.00 for each violation. Each day that any violation is allowed to continue constitutes a separate offense. The Board of Selectmen may institute in the name of the Town any appropriate action or proceedings to prevent, restrain, correct or abate violations of this ordinance.

Section X.

This Ordinance shall take effect upon its passage.

Section XI. Conflicting Provisions

Wherever the regulations made under the authority hereof differ from those described by any statute, ordinance, or other regulation, that provision which imposes the greater restriction or higher standard shall govern.

Section XII. Validity.

If any section, clause, provision, portion or phrase of this Ordinance shall be held to be invalid or unconstitutional by any court or competent authority, such holdings shall not effect, impair or invalidate any other section, clause, provision, portion or phrase of this Ordinance.

Section XIII.

Any and all building regulations heretofore enacted by the Town of Hampton Falls are hereby repealed.

8. To see if the Town will vote to authorize the Selectmen to appoint an Inspector of Buildings who shall hold office for a term of one year, and by vote fix and regulate his compensation as authorized by Section 1, Chapter 156, N. H. Revised Statutes Annotated, 1955.

9. To raise and appropriate, for economic advancement of the Town through publicity and promotional services of the Seacoast Regional Development Association, in co-operation with other communities, the sum of \$200.00.

10. To see if the Town wishes to expend any monies on that part of Brimmer Lane abandoned by the Town.

11. To see if the Town will vote to raise and appropriate the sum of \$1,150.00 for a central heating plant for the Town Hall.

12. To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Fifty (1,550.00) dollars to reimburse R. P. Merrill & Son for their losses occasioned by the action of the Board of Selectmen in enjoining the removal of certain sand and gravel under a contract with R. G. Watkins, Inc.

Signed by: Robert S. Swindells, Alphonse J. Lemire Robert H. Woodes, George J. Brown, Mrs. Dean M. Parish, Florence Ryerson Clements, Vinton L. Yeaton Jr., Everett L. Nelson, Donald Blatchford, Robert E. Weaver, Nathaniel H. Young, Russell P. Merrill, Russel P. Merrill Jr., Marjorie P. Davies.

13. To see if the Town will vote to exempt from taxes the marshland owned by the New Hampshire Audubon Society, for use as a Wild Bird Sanctuary.

Signed by: Edwin L. Janvrin, Thayer Edgerly, Jeanie Edgerly, H. Earl Osborne, Donald L. Janvrin, Esther Osborne, Lillian H. Janvrin, Eleanor Shillaber, Louis B. Janvrin, Richard O. Bohm, George W. Pond, Mark E. Kelley, Ralph M. Farley, G. Winthrop Story.

14. To see if the Town will vote to raise and appropriate the sum of \$479.52 to install new street lights.

15. To see if the Town will vote to raise and appropriate the sum of \$225.00 to pay for the printing of the Valuation Books.

16. To see if the Town will vote to raise and appropriate the sum of \$300.00 toward removal of infected trees.

17. To see if the Town will vote to raise and appropriate the sum of \$300.00 for Brush and/or Poison Ivy removal.

18. To see if the Town will vote to participate in the construction and development of a Seacoast Area Airport, to the extent of \$2,000.00 paid interest free

over a period of five years, and authorize the Board of Selectmen to confer and consult with Federal, State and neighboring Town Officials in all matters pertaining to its Construction.

19. To see if the Town will vote to give the Selectmen authority to sell any property acquired by tax sale.

20. To see if the Town will vote the Selectmen power to borrow money in anticipation of taxes.

21. To see if the Town will vote to transact any other business that may legally come before this meeting.

Polls will not close before Eight O'clock P.M.

Business meeting at Seven-Thirty O'clock P.M.

Given under our hands and seal, this 18th day of February, in the year of our Lord nineteen hundred and sixty-three.

HAMPTON FALLS VOLUNTEER FIRE DEPARTMENT

During the past year we have had more than the usual number of runs but only one serious fire in town. The furniture store which was a total loss, including the stock. If it had not been for Mutual Aid and the Hampton aerial ladder there might have been more loss. We had help from Hampton, North Hampton and Seabrook for this fire.

We have been out of town several times on Mutual Aid to Seabrook and Hampton. .

We have had the pumps on Tank No. 1 and the Macks overhauled this year.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

HAMPTON FALLS VOLUNTEER FIRE DEPT.**

The Women's Auxiliary of the Hampton Falls Volunteer fire Department is pleased to report that we have had a successful year in our effort to aid the fire department.

We have turned over to the firemen the sum of \$300.00 raised through food sales, a public supper and a Valentine's dance, among other things. We have purchased enough dishes so that we can now feed 100 people at one sitting.

The membership has also increased substantially this year and we wish to thank all contributors who have helped make the auxiliary a productive organization.

REPORT OF SUPERINTENDENT OF SCHOOLS

In this, my second report to School Board Members and voters of Supervisory Union No. 21, an attempt is being made to cover three points:

District Membership and Staff

Space Requirements for Increasing Student Membership

Some Recommendations of Interim Commission on Education

The first topic, "Student Membership and Staff" is included as background information which is requisite for an understanding of the business of this Supervisory Union.

Supervisory Union No. 21 continues to include eight school districts, namely: Hampton, Hampton Falls, New Castle, North Hampton, Rye, Seabrook, South Hampton, and Winnacunnet Cooperative. In December of 1962 there were in these eight districts 3,519 pupils in grades K-12 attending schools and a total of two hundred forty-one school district personnel including administrators, teachers, nurses, secretaries, cafeteria staff, and custodians — an increase of two hundred pupils over the previous year and a total of twelve additional staff members.

Charts which follow show the distribution of pupils by districts and by grades and the number of employees in the several categories in each district.

The second topic, "Space Requirements for Increasing Student Membership" is presented as a union-wide problem. It may be very desirable to propose and examine solutions which cross individual school district boundary lines in an effort to find the best possible plan. Board members in several districts will remember the school year 1962-1963 as a year of much study regarding space needs and possible building programs.

In Hampton a \$475,000.00 addition is well on its way toward completion. Mr. Irving Hersey, of Durham, New Hampshire, is the architect of this addition which provides 11 general classrooms, 2 science rooms, a cafeteria, music room, library, physical education room, and boys' and girls' shower and locker areas. Mr. Winston Titus, of Laconia, New Hampshire, is the general con-

tractor and it is expected that the second story classrooms will be occupied during this school year.

In Hampton Falls School Board members are giving thought to how best to provide for their elementary pupils. The problem in Hampton Falls, as in many other such communities, is that the gradual increase in pupils is reaching the point where a separate teacher and a separate classroom should be provided for each grade level. Six teachers and six classrooms are needed, and only five of each are available. Board members are interested in exploring all possibilities, including the extension of the Winnacunnet Cooperative to include all twelve grades or sharing facilities with other districts on a tuition basis. It could well be that study committees, composed of citizens from several communities, may find solutions which are not now conspicuous.

New Castle is the only district without a school building problem. The Maude H. Trefethen School houses grades 1-6 inclusive, with students in grades 7-12 attending the Portsmouth Schools on a tuition basis.

In North Hampton a study is just getting underway as a result of the completion of this year's membership projection which clearly requires serious attention be given to space needs in the near future for this fast growing community.

The Rye School District rejected a plan for an addition to the Junior High School at the March 1962 School District Meeting. The Board has worked diligently and effectively to improve last year's proposal and has a plan which seems to overcome objections voiced last year. One may expect that the action of voters regarding this issue will serve to identify the 1962-1963 school year, and in the interest of quality education I urge support of the Board's proposal.

Seabrook School District may, if the voters support the Board's thinking, have a committee appointed to study the future space needs. School population charts

have been studied and the Seabrook School Board considers that a committee is needed to thoroughly investigate this matter.

In South Hampton the distribution of pupils at each grade level is such that another teacher is needed and this would require another classroom. Fortunately some preliminary thought has been given to anticipate this need and it is hoped that a way can be found to provide the additional space without undue delay.

Winnacunnet school building needs will be covered more comprehensively in a separate report to voters of the Winnacunnet Cooperative School District. However, it is apparent that the addition needed should be such that the total school can accomodate 1200 students. Conservative estimates give evidence of this need.

With seven of the eight districts having a space problem, our thinking should include the possibility of cooperative action, and it is for this reason that this presentation crosses district lines.

The third and final topic to be presented, "Some Recommendations of the Interim Committee on Education", has been very much in the news and will, I expect, be of continuing interest.

From the time the joint resolution was adopted and the fifteen member commission named, school men have held high hopes for the outcome of such a comprehensive study—here would be outstandingly competent lay people investigating, in a positive setting, the total educational function within our State.

The three major areas of investigation included (1) the organization and grouping of public school districts into supervisory unions. (2) post secondary education, and (3) public school finance.

The recommendations have been quoted from the Preliminary Report of the Interim Commission dated December 20, 1962 and can be found following this report. I trust these recommendations made to the General Court will be of interest to voters.

I sincerely appreciate the cooperation and many kindnesses which have been extended me as Superintendent of Supervisory Union No. 21. I pledge my best efforts to the responsibilities and duties of this office.

Respectfully submitted,

JASON E. BOYNTON

January 14, 1963

REPORT OF SUBCOMMITTEE ON PUBLIC SCHOOLS

1. It is recommended that the existing 48 supervisory unions be organized into 34 supervisory districts, in accordance with a Master Plan for educational organization.

2. It is recommended that the Authorized Regional Enrollment Area concept be adopted.

3. It is recommended that tuition charges by A. R. E. A. schools be fixed at the following levels:

Elementary	\$260.00
Junior High	324.00
High School	440.00

4. It is recommended that state incentive aid be awarded to A. R. E. A. schools on the basis of each average daily memberships crossing town lines, as follows:

Elementary	\$ 45.00
Junior High	60.00
High School	75.00

REPORT OF SUBCOMMITTEE ON PUBLIC SCHOOL FINANCE

1. The Commission recommends that New Hampshire adopt the goal of assuming at state level *at least* twenty per cent of the costs of local public school education within the next ten years or by the end of the fiscal year 1971-1972.

2. The Commission recommends that this goal be accomplished by a gradual increase in state assistance during the next decade keeping the ratio at all times at approximately 60% equalization grant and 40% flat grant. As more money becomes available for equalization grants in the years ahead, favorable consideration should be given to reducing the present standard for required local effort now set at 14 mills and, in order to keep flat grants at the recommended 40%, to adopting the State Board of Education's plan for transportation aid and other reasonable flat grant plans.

3. The commission recommends against attempting to reach this goal in any one or two bienniums, believing that the projected state assistance should only be increased gradually over the next decade, hand in hand, with improvements in local school district organization, in other words, that reorganization should keep pace with such increased assistance, the legislature to be the judge of this pace. Money alone will not solve the problem; there must be a willingness to see that it is put to productive use.

4. The Commission recommends a substantial program of state "reorganization aid" to assist local school districts in attaining better area grouping, as recommended in another part of this report. There will be in the long run substantial economics through such reorganization, as well as better schools.

5. The Commission recommends a substantial program of state appropriations to implement its recommendations in the field of higher education as set forth in another part of this report.

6. For the next biennium, new revenue will have to be raised to implement the recommendations of this Commission. However, such needed new revenue can clearly be raised by reasonable increases in the rates

of several existing state taxes (as the Commission recommends in the body of its report), and tax revision in the form of new broad base taxation is not needed if our recommendations for the next biennium are the sole requirement for us to consider (as we have decided).

The Commission has not attempted to prejudge the financial situation of the state beyond the next biennium but has included in its report useful statistical information concerning the yields of a number of different taxes now in use in other states, for the information of the legislature and the chief executive.

Public finance must keep pace with the needs of our public schools and colleges. It is now evident that our public school and college system cannot give an adequate training for "the age of automation and space", unless it is supported by a broader revenue base than the basic property tax which dates from "the age of the horse and buggy". Twenty per cent of the population is now enrolled in the public school system, a large enterprise, which deserves no less than our best in public support, as an "investment" in the future of this state and its communities.

The above recommendations have obviously been taken directly from the Interim Report and are presented here to make them permanently available to the voters of this Supervisory Union.
